PROBATE OFFICE: TESTAMENTARY RECORDS, 1983

Provenance

Deposited by Probate Office, Dublin in 2004.

Introduction

2004/74 comprises the testamentary records produced by the Probate Office in the Dublin registry for the year 1983.

This collection of records includes the testamentary envelopes containing papers relating to the registering and granting of probates and intestates; grant books containing a copy of each grant issued; schedules of assets; caveats and the judges book which lists each grant issued.

Traditionally the Probate Office produced a will calendar which contained an alphabetical listing of all grants of probate issued in the country for a specific year. From 1983 however the Probate Office began using an electronic database instead.

The electronic database contains all the grants issued in Ireland each year. From this database a list of the grants issued by the Probate Office for 1983 has been produced. The list is arranged alphabetically by month and each testamentary record has been assigned a unique National Archives number which should be used when requesting a testamentary record.

Related records

District Probate Office lists for 1983 testamentary records of Castlebar, Cavan, Clonmel, Cork, Dundalk, Galway, Kilkenny, Lifford, Limerick, Mullingar, Sligo, Tralee, Waterford and Wexford.

Access conditions

There are no access restrictions on these records.
